

# INSTRUCTIONS FOR AFFIDAVIT IN SUPPORT OF ESTABLISHING PATERNITY

## PURPOSE OF THE FORM:

This affidavit supplements the Uniform Support Petition to summarize evidence to establish paternity. A separate Affidavit in Support of Establishing Paternity is required for each child needing paternity establishment. This is necessary since the circumstances surrounding conception and birth will differ unless the children are twins. Reminder: A putative father may petition for paternity establishment under UIFSA. All appropriate information for the Affidavit in Support of Establishing Paternity must be completed or furnished by the parent, properly signed by the parent, and notarized as required. A separate Affidavit is required for each allegation of paternity.

Italicized text that appears within a “box” refers to policy or provides additional information.
